Because You Love Me

Capo 6

A E A / A F# E (Chords are shapes with Capo rather than actual notes)

I look up up up-up
And I say, "Hey,
Why can't I always have things my way?"
You look back, back, back-back
And call my name
You tell me you have a better way

A D E

Cause You love me, You speak
Cause I love you, I listen
I can sing "me me me me"
Seven days straight til the end of a week
But when I stop to listen You love me and You speak

I go left left left-left
When you say right
You say the dark is safe
But I turn on the lights

I go fast fast fast-fast
When you say slow
What I should hear is "I love you"
Whether you say "yes" or "no"
