Big History

CHORUS

G D Am C

Did you know that He knows you're a big part of His story
He knows as you grow you'll see it's all for His glory
Jump in and begin to see where He might lead you
Again, it's not pretend
This big story is true

VERSE

Am

Come take a look

G

Let's open up this book

Am G

And see just what's inside

Am

People like you and me

G

Every page and every scene

Am D7

Watch it come to life

CHORUS

VERSE

Written so long, long ago, but still it keeps on growing
When you hide it in your heart
Words that can change and even rearrange you
Just open up and start to see
Who will you be? (Who will you be?)
Oh the possibilities (The possibilities)
But you don't have to know right now (But you don't have to know right now)
Take it in stride (Take it in stride)
Keep that big book by your side (Keep it by your side)
And you and God can work it out (You and God can work it out)

CHORUS

You might see yourself
In that giant book on the shelf
Turn the pages one by one
Start over when you're done
Memorize it bit by bit
It'll come to you lickety split
You can do it, yes I know
Verse by verse, on your mark, get set go
