Communion

Capo 5

G D/F# Em C (walkdown from **G** to **C** - this is the pattern through the whole song)

G D/F# Em C

What is communion and why do we do it?
What does it even mean?
It's from the story of the last supper in the Bible
So let me set up the scene
Jesus ate with his disciples
And told them he would soon to be tried
That he would be arrested
And he would even die

So they took a little bread and they took a little wine
They gave thanks and took some time
Just to remember, just to remember
We take a little bread and we take a little wine
And then we take some time
This is how we remember, this is how we remember
That Jesus died for you and Jesus died for me
Jesus died so we could live and be free
Jesus died for you and Jesus died for me
Jesus died so we could live and be free

It doesn't have to be bread
It doesn't have to be wine
Crackers and juice would be just fine
It matters that we remember
It matters that we remember
That Jesus died for you and Jesus died for me
Jesus died so we could live and be free
Jesus died for you and Jesus died for me
Jesus died so we could live and be free
