## THE FRIENDSHIP SONG

Capo 4

**Intro: G Em C G**

**G**

I hope you never feel lonely, never get scared

**Em**

Never unhappy, or find yourself somewhere

**C D G**

Where you don't want to be and you can't really see your way

**G**

Hope your days are sunny and your nights have stars

**Em**

Your jokes are funny cause I know that they are

**C G**

Hope you get lots of hugs and you have lots of buddies, too

**Em D G Em**

`Cause I-I-I-I lo-o-o-ove you

**C D G**

Oh, I-I-I-I love you

## CHORUS

**C D**

Cause just like David loved Jonathan, I love you

**Em**

Like a puddle loves rain

**G**

And a cow loves moo

**C D**

If you need any help, you know what to do

**Em A**

I'm your friend and I love you

**G**

Hope you always feel loved and you always feel blessed

**Em**

That life's more fun than you ever could've guessed

**C D G**

Hope you know from the start just how great God thinks you are

**C D**

Hope you get a home run on the kickball field

**Em G**

And you learn super quick how to ride two wheels

**C D**

Hope you get less homework and more recess

**Em A**

Hope you know all the words on your spelling test - T-E-S-T
