## I CAN GIVE

Capo 2

### C G F G

One day Jesus was around  
Watching people giving out  
Of their pockets  
Some a little, some a lot  
Then a poor widow came  
Just two pennies to her name  
And she said to God, "Here is what I've got  
It's yours, so...

### C G Am F

Whatever I have I give to you  
Whatever I have is yours to do what you want to  
So do what you want to  
Do what you want with me

### C G F G

You can give your time, give your money and your life  
You can choose to give a little or a lot  
And the more you'll start to see  
It's called generosity  
And it's when you freely give of what you've got  
So sing out

Whatever I have I give to you  
Whatever I have is yours to do what you want to  
So do what you want to  
Do what you want with me

### Am G C F

It doesn't matter how much when you give  
Because it all comes from God so you're just giving back what's his  
You can give your time or your toys  
Or your clothes or your love or your jokes – those are funny, funny  
You might be surprised by the things you can give  
That don't involve any money, money

Whatever I have I give to you  
Whatever I have is yours to do what you want to  
So do what you want to  
Do what you want with me
