PSALM SONG

G D A D

G D

I found out the other day

A D

There's a book in the Bible written by David

G D

Full of things that I want to know

A D

If you want to find it, just go to

Psalm **23** says he's always with me

103 says that he forgives me

42 - put your hope in God

96 - sing a song

CHORUS

Open it up - it's right in the middle

You're gonna find it's more than a little bit helpful

In all kinds of ways

Something for everybody every day

Ba da da da da

Psalm #1 says blessed are you

No need to fear - 46:2

I can see in 63:3

Your love is better than life to me

God made the Earth - **90** verse 2

And he loves to teach me - Psalm **32**

What should I be afraid of then

Psalm **27** verse 1

CHORUS

BRIDGE

It's spelled kind of funny but that's alright

A Bm G

When I remember these words the Lord delights in me

D A

The Lord delights in me

G D

Right after Job and there you are

A D

If you hit Jeremiah, you've gone too far

G D A

So hide these words in your heart - **119**

Open it up - it's right in the middle
When you get to Job, just go on a little bit further
And then **STOP** right there
You've found the place where
You open it up - it's right in the middle
You're gonna find it's more than a little bit wonderful
More than a little bit fabulous
More than a little bit radical
More than a little bit sweet to know these words
